

# 120th Ave Upgrades Fact Sheet

PM&E #14-32

## Project Scope & Background

- The Municipality of Anchorage (MOA) is beginning a project to improve E. 120th Ave, east of Johns Rd. and west of the Old Seward Highway.
- The existing strip-paved road, drainage, street lighting, and pedestrian facilities are inadequate.
- High density residential development along E. 120th Ave has increased pedestrian and vehicular traffic.
- This project will consider constructing pedestrian facilities and upgrade the road adjacent to Ocean View Elementary School.
- Improvements may include a new road base and pavement, storm drains, sidewalks and bicycle facilities, and street lighting.
- This project is the Old Seward/Oceanview Community Council's highest priority.

## Get Involved

### Visit the project website to:

- Sign up for email updates
